Rajesh Piplani

Center for Supply Chain Management,
Nanyang Technological University, Singapore

E-mail: piplani@pmail.ntu.edu.sg

Dr. Rajesh Piplani is the director of the Center for Supply Chain Management in the school of Mechanical and Production Engineering at NTU, Singapore.

Education: He obtained his M.S. in Industrial Engineering from Arizona State University in 1990, and his Ph. D. from Purdue University in 1995. Dr. Piplani is listed in Marquis Who is Who in Science and Engineering in USA (1998-1999).

Posts: Dr. Piplani has over seven years of industry experience in India and USA in the areas of Supply-chain management and production planning of heavy engineering and semiconductor fabrication facilities. Since 1998, he has been on the faculty of NTU. As deputy Director of the M. Sc.

Logistics program, he has designed and taught courses in the area of procurement planning, simulation modeling, inventory and supply-chain management, and also offers short-courses for the industry. He is also an associate faculty with the Nanyang Business School, and teaches courses on Supply-chain planning in the MBA program.

He consults with the local industry regularly on issues relating to procurement, planning and supply-chain management. He is also an associate consultant with Integrated Decision Systems Consultancy Pte Ltd.

Research interest: Dr. Piplani's interests are in the area of supply chain management of manufacturing enterprises, logistics planning, and design and analysis of

manufacturing systems. Dr. Piplani has published in many international journals and has also presented papers at various Industrial Engineering and Operations Research conferences worldwide.

E-mail: dzivkovic@tf.bor.ac.yu

Prof. dr Dragana Živković was born on 13 September 1965 in Zajecar. She is professor on Technical faculty in Bor, University in Belgrade, Serbia and Montenegro.

Education: 1989: Metallurgical Engineer; 1993: M.Sc. and 1995: Dr Sc. at the University of Belgrade, Technical Faculty at Bor.

Posts: since 1989: University of Belgrade, Technical Faculty at Bor, Department of Metallurgy. Actually full professor at the same faculty.

Courses: Thermodynamics, Vacuum Metallurgy, Management of New Technologies and Innovations.

Research interest: a) Thermodynamics and kinetics of the metallurgical processes:

- thermodynamics of alloys and phase equilibria of the multicomponent metal systems (experimental methods in metallurgical thermodynamics, thermodynamic predicting, calculation of phase diagrams, connection between thermodynamic and other thermophysical properties of alloys)

- kinetics of the processes in the multiphase systems in extractive metallurgy

b) Management of new technologies and innovations

c) Archaeometallurgy

d) Environmental protection

Publications: 91 in international journals and 53 in national journals; 120 communications

in international conferences and 131 in national conferences; 36 citations in international journals and books. Numerous books and editions.

Professional activities: Journal of Mining and Metallurgy: Co-Editor for Section B - Metallurgy (since 1997); national representative in Associated Committee for Phase Diagrams and Thermodynamics Poland, Bulgaria, Czech Republic, Hungary, Slovakia and Yugoslavia (since 1999); secretary of the national Committee for thermodynamics and Phase Diagrams (since 2000); 34th International October Conference on Mining and Metallurgy (Bor Lake) - Vice-Chairman (2002); member of the LEAP (Local Ecological Action Plan) team for the Bor municipality (since 2002); national representative in the Membership Committee of the COST 531 Action Lead-free solder materials (since 2003); member of the Editorial Board of the journal Metallurgy (Serbian national journal) (since 2004); chief of the Group of the Metallurgical Engineering, Technical Faculty Bor (since 2004); chief of the Department of Metallurgy and Materials Engineering, Technical Faculty Bor (since 2005)

Collaboration and Studies at: University of Science and Technology, Beijing (China); Masaryk University, Brno (Czech Republic); Genoa University, Genoa (Italy); Miskolc University (Hungary); AGH, Krakow Poland); Osaka University, Osaka (Japan)

Main awards: University of Belgrade Award: 1989; Serbian Chemical Society Award: 2001

Božidar Stavrić

Faculty of Technology and Metallurgy
Belgrade, Serbia and Montenegro

Address: Karnegjeva 4, 11120 Belgrade
Phone/Fax: +381 11 3370-460

Prof. Dr. Božidar Stavrić was born in Tuzla, on January 6th 1939. He is professor of Economy on the Faculty of Technology and Metallurgy in Belgrade.

Education: He finished Grammar school in 1957 in Brcko. He graduated from the Faculty of Economy in Belgrade in 1965, got his MSE degree at the Faculty of Economy in Subotica, in 1970 (supervised by prof. Stjepan Han) and subsequently his Ph.D. at the Faculty of Economy in Belgrade in 1978 (mentored by prof. Stevan Kukoleca).

Posts: After graduation he worked for a couple of years as a sector manager and company director in food processing industry, and then as a professor at two-year post-secondary school of economy in Brcko.

Since 1974 he has been working at the Faculty of Technology and Metallurgy in Belgrade, in all university titles, up to a full professor. He was elected pro-dean three times, for the area of scientific research studies. He was also a president of the scientific board of the Marketing Research Institute in Belgrade.

Membership of editorial boards: He has been editor-in-chief of the "Director" magazine since 1991.

Publications: He has published a large number of scientific publications in both domestic and foreign magazines. He has also published several books on the topics of company economics, organization and management.

Some of those are:

- Osnovi teorije ekonomije preduzeća (Enterprise Economics Basics), VEKŠ, Brčko, 1973.

- Ekonomika i organizacija proizvodnje (Economics and Manufacturing Organization) , Savremena administracija, Beograd, 1975,

- Poslovni efekti ciklusa reprodukcije (Business Effects of the Reproductive Cycle), PFV, Beograd, 1980.

- Ekonomika Jugoslavije (Economics of Yugoslavia), Savremena administracija , Beograd, 1983,

- Teorija troškova (Costs Theory), Informator, Zagreb, 1985,

- Korporativni menadžment (Corporative Management), BPŠ, Beograd, 1994.

- Organizacija preduzeća (Company Organization), KIZ Centar, Beograd, 2003.

- Ekonomika preduzeća (Company Economics), KIZ Centar, Beograd (više izdanja, poslednje 2005),

- Menadžment (Management), FFMO, Beograd, 2003,

- Upravljanje poslovnim sistemom (Business System Management), Tehnološko-metalurški fakultet, Beograd, 2002.

- Osnovi menadžmenta (Basics of Management), Akademska misao, Beograd, 2005.

- Osnovi teorije mikroekonomije (Basics of Microeconomics Theory), Zavod za udžbenike, I. Sarajevo, 2004.

In Ekonomsko-poslovna enciklopedija (Economics-Business Encyclopedia) (Savremena administracija, Belgrade) he edited the business economics section.

He has been teaching management, organization and company economics, as

well as scientific research methodology at several faculties on both regular and post-graduation studies. He also mentored over 250 graduation thesis, and sponsored a large number of graduate students studying for a doctorate or master degree and reviewed over 50 books from scientific and areas of expertise in which he has been appointed the full professor. He was nominated the expert in the government of FRY for the area of economics, marketing, organization and management.
